WHEN ACCURACY MATTERS

ProDAQ LXI
Carrier Accessories

ProDAQ 6210 19 in. Rack-Mount Tray

OVERVIEW

The ProDAQ 6210 19-inch rack-mount tray allows users to install up to two ProDAQ 6100 LXI function card carriers in a standard, 19-inch rack. With the ProDAQ 6100 installed in an LXI function card carrier, the ProDAQ 6210 uses no more than 1U space. Adjustable rear supports ensure that the tray can be installed in most 19-inch racks.

Each ProDAQ 6100 can be installed in three different positions to provide extra space in the front to accommodate for additional equipment such as connectors, cabling, and custom extensions.
